Deer, Jemma, and Brandon Galm. "Changing the Anthropo-scene: Una Chaudhuri and Eco-Theatre." *EcoCast: Environmental Conversations On Creative Art, Scholarship, and Teaching*, 1 September 2020, MP3, 45:32. https://www.podbean.com/site/EpisodeDownload/PBE9BA73EGCNG

This month Jemma and Brandon have a wonderful conversation with Una Chaudhuri, Collegiate Professor and Professor of English, Drama, and Environmental Studies at New York University, and the Director of NYU's XE: Experimental Humanities & Social Engagement. They discuss Una's work in the early development of eco-theatre as a field of study, the ways that theatre is uniquely suited to engage with environmental concerns, and her ongoing Dear Climate project.

EcoCast: Environmental Conversations On Creative Art, Scholarship, and Teaching is the official podcast of the Association for the Study of Literature and Environment (ASLE). Each episode features interviews with guests sharing their scholarship, creative work, or teaching.
