Review of *Histoire du méchant loup* [History of the big bad wolf] by Jean-Marc Moriceau

Frioux, Stephane

Frioux, Stephane. Review of *Histoire du méchant loup: 3000 attaques de loup sur l'homme en France, XVe–XXe siècles* [History of the big bad wolf: 3000 attacks on human beings in France, fifteenth–twentieth century] by Jean-Marc Moriceau. *Global Environment* 3 (2009): 254–7.

The originality of Jean-Marc Moriceau's book lies first of all in the author's area of competence. Moriceau is a well-known modern French rural historian, editor of the review *Histoire et Sociétés rurales*. This *Histoire du méchant loup* is a good example of the recent trend of integrating the environment in social history. Other disciplines and some regional scholars have been studying wolves for a quarter of a century. Moriceau himself presents his work as a "first synthesis" which should be followed by further works. — Stephane Frioux
