"Artefacts and Living Artefacts"

Siipi, Helena

Siipi, Helena. "Artefacts and Living Artefacts." *Environmental Values* 12, no. 4 (2003): 413–30. doi:10.3197/096327103129341388 .

In this paper, I explore some parallels and dissimilarities between aesthetic appreciation that takes as its focus art objects and that which focuses on natural objects. I cover three areas. The first deals with general approach, whether a paradigm of engagement is more appropriate to environmental aesthetics than one of detachment and disinterest. The second theme is about preservation and whether the appropriate model is static or dynamic. The final theme is about environmental criticism and the application of aesthetic theory to arguments for preservation.
