McGregor, JoAnn, "Introduction." *Environment and History* 1, no. 3, Zimbabwe special issue (October 1995): 253–256. doi:10.3197/096734095779522546 .

Drawing on the particularly rich body of research in Zimbabwe, the essays in this special issue provide new perspectives on local as well as state and international environmental politics and their interactions. They treat ecological knowledge, interpretations of ecological change and readings of the landscape as themselves subjects of conflict, actively shaping as well as reflecting political change.
