Robbins, William G. Landscapes of Conflict: The Oregon Story, 1940-2000. Seattle: University of Washington Press, 2004.

Post-World War II Oregon was a place of optimism and growth, a spectacular natural region from ocean to high desert that seemingly provided opportunity in abundance. With the passing of time, however, Oregon's citizens—rural and urban—would find themselves entangled in issues that they had little experience in resolving. [...] The story of Oregon's accommodation to these divergent interests is a divisive story between those interested in economic growth and perceived stability and citizens concerned with exercising good stewardship towards the state's natural resources and preserving the state's livability. In his second volume of Oregon's environmental history, William
