"The Liberation of Humanity and Nature"

Katz, Eric

Katz, Eric. "The Liberation of Humanity and Nature." *Environmental Values* 11, no. 4 (2002): 397–405.
[doi:10.3197/096327102129341145](https://doi.org/10.3197/096327102129341145).

What does the 'liberation' of nature mean? In this essay, I use a pragmatic methodology to (1) reject the idea that we need a metaphysical understanding of the nature of nature before we can speak of nature's liberation, and (2) explain the sense of liberation as being the continuation of human non-interference in natural processes. Two real life policy cases are cited as examples: beach restoration on Fire Island and rock climbing in designated wilderness areas.
