Steady-State Economics

Daly, Herman E.

Herman E. Steady-State Economics. Second Edition with new Essays, 1991. Cover (c) by Island Press.

Daly, Herman E. *Steady-State Economics*. Washington: Island Press, 1991.

First published in 1977, *Steady-State Economics* caused a sensation because of Herman E. Daly's radical view that "enough is best." Today, his ideas are recognized as the key to sustainable development, and his book is

universally acknowledged as the leading book on the economics of sustainability.

The second edition, published in 1991, includes new essays from the author. (Text adapted from the publisher's website .)
