Foreman, Dave, et al., eds., *Earth First!* 3, no. 1 (1 November 1982). Republished by the Environment & Society Portal, Multimedia Library. http://www.environmentandsociety.org/node/6839.

In this issue of *Earth First!,* Dave Foreman writes about the assault on big American wilderness areas in the 1920–30s by the United States Forest Service; LaRue Christie guides readers through the world of Earth Religion; and Bill Devall discusses the book *The Fate of the Earth* (1982).

> Conservationists applaud the Forest Service foresight of fifty years ago. Less well known is the tremendous assault by the Forest Service on large roadless areas during the same period.
