Barnes, James, et al., eds., *Earth First! Journal* 17, no. 8 (20 September 1997). Republished by the Environment & Society Portal, Multimedia Library. http://www.environmentandsociety.org/node/7028.

In this issue of *Earth First! Journal* James Barnes writes a dark vision of the future, Lacey Phillabaum tells the story of Greenpeace's uprising, and Marty Bergoffen sheds light on the Endangered Species Recovery Act.

> The glorious revolution will not free this land; the rising of the oppressed against the capitalist master will fail. The worker will not triumph over the ruling class, nor will women and persecuted peoples gain equality in a brave new world. The planet will not be "saved" by people's new ecological consciousness.
