Most—Nachruf auf eine Alte Stadt [Most—An Old Town's Obituary]

Banuls, Sylvie, and Peter Heller. *Most—Nachruf auf eine Alte Stadt* [Most—An Old Town's Obituary]. Berlin: absolut Medien GmbH, 1998/99. PAL, 60 min. https://youtu.be/yPZIl3FJ1PA.

> The film tells the story of the vanished town Most in Northern Bohemia. An almost thousand year old town was sacrificed to coal mining: all buildings were torn down, a gothic church was moved, nature contaminated, humans were driven away from their surroundings. All that was left of old Brüx / Most is a heart-stopping hole in the landscape. The town only lives on in the heads of its elderly. (Source: filmkraft)
