Earth First! 29, no. 7

Earth First! 29, no. 7. Front page.

This special "Samhain-Yule" issue of *Earth First!* is dedicated to Samhain, the Celtic term for "summer's end," a time to reassess goals and strategies. It discusses endangered rivers, tar sands, protection from environmental degradation, information about US climate justice activism (MCJ), the "Green Scare," Deep Ecology, and the G20 Summit. Letters to the editor and songs are included as well.
