This image appears in: Olmanson, Eric D. "Promotion and Transformation of Landscapes along the CB&Q Railroad. " Environment & Society Portal, *Virtual Exhibitions* 2011, no. 1. Rachel Carson Center for

Environment and Society. http://www.environmentandsociety.org/node/2715.

> The 1880 map shows Chicago as a crossroads of transportation, with rail lines radiating out in all directions except where Lake Michigan represents its shipping lanes. The map depicts the early heart of the CB&Q, from northern Illinois through southern Iowa and northern Missouri, with Chicago at the center of the map.
