Austin Earth First!, “End Corporate Dominance!,” 1996. Environment & Society Portal, Multimedia Library. http://www.environmentandsociety.org/node/7879.

This Austin Earth First! publication features topics like the menace of the Endangered Species Act, the global gathering of indigenous people fighting the oil industry, Mexican Zapatismo, Austin’s transportation and land use infrastructure, Freeport McMoran mining in West Papua, Indonesia, and the children’s march to save Sierra Blanca.

> This is what the Earth First! campaign to END CORPORATE DOMINANCE is about. Whether you are an environmentalist, a labor activist, a human rights campaigner, a campaign finance or any citizen in a dispute with an insurance company, bank, etc., your ideas, words, and actions are a part of this campaign. The key is to make our efforts directed to the root of the problem, not just the symptoms.
