"The War at Home: Headwaters Forest Still Threatened." *Earth First! Journal*. 1988. Republished by the Environment and Society Portal. Multimedia Library. <http://www.environmentandsociety.org/node/8000>.

This update from the Earth First! Redwood Action Team reports on the status of the fight to protect the Headwaters Forest, an area containing old-growth redwoods in northern California.

Headwaters Forest has not been saved! Activists must not allow it to become an isolated island or a developed tourist park. The only future, the only hope for this cathedral, is as wilderness.
