Mendocino Environmental Center Newsletter, Issue 25 (Fall 1997). Environment and Society Portal. Multimedia Library. <http://www.environmentandsociety.org/node/8193>.

This issue of *Mendocino Environmental Center Newsletter* reports on the cultural evolution of Headwaters Forest, the Coho salmon, and provides an update on Judi Bari's lawsuit.

If you haven't heard about how a Texas entrepreneur named Charles Hurwitz stole Pacific Lumber Company and is now liquidating the redwood forest to pay the interest on his personal debt from the Savings & Loan scam, you should know about it. It is also good to stay up to date on the lawyers and hard-working citizen groups trying to take the forest back before it's too late. But there's more than that going on in Headwaters Forest.
